

AMENDMENTS TO THE SPECIFICATION

Please make the following amendments and insert the following new and replacement paragraphs to the specification under the section entitled “BRIEF DESCRIPTION OF THE DRAWINGS” on page 15 lines 5-15. These amendments reflect additional pages of drawings required when Figures 1, 2, 3 and 4 were each divided into two figures.

(Replacement) FIG. 1A Is a partial functional flow diagram illustrating an embodiment of the present invention continued on FIG. 1B.

(New) FIG. 1B Is a partial high level function flow diagram of the present invention continued from FIG. 1A.

(Replacement) FIG. 2A Is a partial functional flow diagram illustrating an embodiment of the present invention continued on FIG. 2B.

(New) FIG. 2B Is a partial high level function flow diagram of the present invention continued from FIG. 2A.

(Replacement) FIG. 3A Is a partial functional flow diagram illustrating an embodiment of the present invention continued on FIG. 2B.

(New) FIG. 3B Is a high level function flow diagram of the present invention continued from FIG. 3A.

(Replacement) FIG. 4A Is a partial functional flow diagram illustrating an embodiment of the present invention continued on FIG. 4B.

(New) FIG. 4B Is a partial high level function flow diagram of the present invention continued from FIG. 4A.
